STEAM FOUNDRY

OF

TURTON & SERCOMB,

296, 298, 300, 302 and 304, West Water Street

IS still in full blast, working day and night to supply the daily increasing wants of the Badger and other States.

In order the better to do this the proprietors have erected a large brick Foundry in addition to their former premises. They have added to their stock of Tools a large Planing Machine or Shaping Machine, three Lathes, and a machine for making bolts, and are now putting in a Steam Engine of —horse power to drive the whole, thereby adding to their former facilities for the successful carrying on of the Foundry, Machine, Engine, and Blacksmithing business. They never were in a better position for doing business, and defy competion in any department.

In regard to the character of the work got up by this, *The Oldest Establishment in the State,* the Proprietors refer to that in successful operation throughout the country as their best recommendation, as it can speak for itself. All they can say is, that they are both **PRACTICAL MECHANICS,** and know how work should be done as well as the next man. They continue to manufacture **Flour and Saw Mill Gearing and Steam Engines,** on the most approved principle.

They have always on hand a large stock of **BRASS WORK,** such as *Gauge and Cylinder Cocks, Oil Cups & Cocks, and Steam Whistles.* Also *Turton's Files,* which they will sell at the lowest cash prices.

They are also Agents for *Eastman's Patent Steam Gauges,* which are well worth the attention of all who use Steam Engines.

In conclusion, they invite a continued share of the patronage of their old friends and solicit a call from all those in want of Saw or Flouring Mill Work, assuring them that no exertions will be spared to render the **Old Eagle** worthy of the reputation it has already gained.

Their motto is, "*Excelsior.*"

FOURTH WARD FREMONT CLUB.—The Republicans of the Fourth Ward, and all in favor of the election of Fremont and Dayton, are requested to meet in Concert Hall, next Friday evening, the 22d inst., at 7½ o'clock, to form a Fremont Club, and organize for the Presidential campaign.

By order of the Vigilance Committee.

Milwaukee, Aug. 19th, 1856.

Congressional Convention.

The proper Committee have called a Congressional Convention to meet at Racine, on Thursday, Sept. 4th, at 12 M., to nominate a Republican candidate for Congress. The call will be found in our columns. We regret, very much, that the Convention is called to meet on the very day after the Legislature meets—the very worst time that could possibly have been selected, as those who would like to attend that Convention, will be at Madison. All with whom we have conversed disapprove of the day. We hope it will be changed to the next week—Then, all could attend, and we might have a rousing Mass Meeting.

More Proscription.

We understand the Shanghais about town, who saw fit to withdraw their subscriptions and advertising from this paper, became so incensed at us because we deigned to mention the fact, that they made up a purse and dispatched an *agent* to Milwaukee to endeavor to induce our patrons in that city to follow their silly example. This agent and neighbor Booth, of the *Free (!) Democrat*, we are told, spent several days in patroling the city, calling upon most of our customers in Milwaukee, and laboring with them in a most affectionate, (!) fervent manner, though what the result was we do not know.—If there are any of our advertising friends in Milwaukee, or anywhere else, who do not wish to advertise with us, all they will have to do to get their advertisements stopped will be to let us know it.—*Beaver Dam Sentinel, 8th inst.*

There is not a shadow of truth in the above statement of the Beaver Dam *Sentinel* as far as it relates to us, and, we presume, its reference to others is just as apocryphal. We have not spoken to a single patron of the *Sentinel* on the subject. One of them, some time ago, incidentally stated to us that he should discontinue his patronage to it, on the ground that it was a waste of money to advertise in such a lying, characterless sheet, as nobody would take it who had any money to buy goods with. That man was an old Democrat, and we published what he said.

But we are frank to say that, as long as it pursues its present lying, infamous course, it richly deserves the contempt of all decent men and should be kicked out of every shop, store and dwelling, as an intolerable nuisance. This is our honest opinion.

A Chance to be Honest.

Will those Hunker presses which have published the forged extract from the *National Era*, asserting that Buchanan would surely be elected, copy the following from the *Era* of the 14th inst., and thus show that they were mistaken, and do not wish to make themselves a party to the forgery. The *Era* says:

"When a year ago we predicted the triumph of the Republican party, and declared that thousands of Southern hearts are yearning for that triumph, every paper in Washington, even the grave *Intelligencer*, was filled with mingled contempt and indignation at the presumptuous thought. At this moment, it is regarded as the excess of partizan recklessness, or enthusiasm, to indulge a dream of defeating the Republican nominees. And already we begin to see in advance those indications of Southern sympathy with the Republican cause, which leave no doubt that the spell of Slavery, which has for a generation sat like a night-mare upon the Southern heart and conscience, is breaking away."

Congressional Compensation.

Congress has changed the *per diem* system of paying members, by giving them $3,000 per session, exclusive of mileage, deducting for absences, and furnishing no books except such as are ordered printed during the times for which they are chosen. This will tend to prevent absences, as the pay of members stops when they are not present. We trust, too, it will have a tendency to promote short sessions.

JAMES H. KNOWLTON.—The State Central Committee have appointed James H. Knowlton Republican candidate for elector in place of Judge Howe, declined. He had the next highest number of votes to Mr. Howe, for the original appointment. We regard the selection as a good one, though, we must say, the Committee had no more power to make it than we have. The Committee should have called a Mass State Convention to ratify the nomination of Fremont, at which a State elector could have been selected. There was no necessity for the selection at the present time.

The Balloon Ascension

Took place yesterday afternoon, according to appointment, at 5 o'clock, from the corner of Spring and Third streets. A large number of persons congregated about the enclosure, and many were inside, witnessing the preparations for the ascent. The weather was moist and rainy, and the atmosphere very light and misty. Owing to the rarity of the atmosphere, Prof. Pusey was unable to take Madame Reis along with him. The Professor took his position in a basket car, immediately under the balloon, and at 5 o'clock the cords were let go, and the balloon ascended rapidly and gracefully, in a south westerly direction, while Professor P. waved American banners from his car. When over Spring St. Hill, and at an elevation of about 400 feet, he threw overboard a parachute containing a live cat, which landed safely in a doors yard on the hill. Prof. Pusey continued to ascend until he lost sight of earth, and reached an altitude of one mile and a half. He passed through the clouds, and into an impenetrable mist, on account of which he could see nothing, either above or below, and caught but occasional glimpses of a clear sky. The atmosphere was damp and very cold, and Prof. Pusey found it difficult to breathe on account of its extreme rarification. He was without a compass, and the state of the air, coupled with the fact of his being a stranger here, rendered it a problem with him whether he was above water or land. He could hear nothing save the whistle of a locomotive and the discharge of a gun, and amused himself by distributing from his seat among the clouds, Messrs. Jackson & Luxton's cards, in an envelope, superscribed as follows: "Good news from an altitude of 1,000 feet!"

After sailing for about half an hour, Prof P. began to descend, and at 5½ o'clock, he anchored to a stump in a field in Clark's Addition, about 3 miles from the point of starting, near the Mukwonago road. A man named Robert Weaver came to his assistance, and through the kindness of some carpenters who were at work upon a dwelling near by, he was enabled to reach the city about 7 o'clock.

The weather was very unfavorable for the ascension, and the Professor informed us that he never, in any of his previous ascensions, experienced such sensations, being able to hear and see very little. And when he descended, he did not obtain a view of the earth until very close to it.

He will favor our citizens with another ascension in a few days, if sufficient encouragement is given. If the weather is pleasant, Madame Reis will certainly accompany him.—We hope he will be able to make his thirty-sixth ascension with as much success as attended the thirty-fifth.

Important to Farmers.

The wheat dealers of this city met at the corn exchange yesterday at 9 o'clock A. M. to take measures to induce the farmers to clean their wheat more thoroughly. After considerable discussion the following committee was appointed to report at 4 o'clock P. M.—Messrs. J F Hill, L W Weeks, H H Harrison, J S Nichols and R P Elmore. At the appointed time the Committee made the following report which was adopted.

Your Committee, appointed to recommend measures to be adopted by the Corn Exchange, to encourage growers in cleaning and properly preparing their grain for the market, in view of the fact that a large portion of the new crop marketed thus far has been poorly cleaned, respectfully reported:

That they are of opinion that if proper care is taken in preparing Wisconsin wheat for market, its value will be greatly enchanced and the result will be for the mutual benefit of the producer and purchaser, and they recommend to the Board the adoption of the following regulations viz:

That all the Depot wheat offered for sale be put on the market as No. 1, No. 2, or No. 3, as the case may be, and that a committee be appointed to make up standards or qualities for these grades, which standards No. 2 and No 3 shall fairly differ in value 10 per cent and 20 per cent. from No. 1—merchantable wheat.

That one or more inspectors be appointed (with whom the standards so established shall be deposited) whose duty it shall be to decide upon the cleanness and condition of all lots of wheat on which differences arise between the buyer and seller. If upon inspection said wheat is found to be different from the grade for which it was sold, the purchaser may elect to receive the wheat at 10 per cent less, if one grade below, or 20 per cent less if two grades below; or the parties may agree beforehand to abide by the decision of the inspector as to the sum of the difference to be allowed by either party.

In cases where an inspector's services are required, he shall receive ¼ ct per bushel on each lot inspected, to be paid by the buyer if the quality or number proves to be according to the purchase, but if it proves to be of an inferior grade the expense to be paid by the seller.

It is recommended that the grades on standards wheat suggested above, shall have reference only to condition and cleanliness.

It was further resolved that the above regulations go into effect on Friday, Aug. 22d.

FIRE IN JUNEAU COUNTY.—The Lisbon (Juneau Co.) *Republican* of the 16th inst., says: The fire is making great havoc north and east, of this place. We were told that it had burned from Grand Rapids down as far as Necedah destroying some four hundred tons of hay beside burning the grass on the river bottoms and and on the marshes. As we were coming from Necedah last Sunday, we found that the fire had burned two bridges, and was still burning quite fast, the wind blowing hard from the west.

THE GERMAN PRESS *of New York*.—There are 12 German Republican papers with a circulation of 33,900 copies, and 3 with a circulation of 16,500, support Buchanan. One, a religious paper, having a circulation of 4,000, is neutral.

BANNER PRESENTATION.—The Black Jaegers were presented with a beautiful banner, by some of the citizens of Milwaukee yesterday afternoon, at Melm's Garden. The Wisconsin Rifles were present and took part in the ceremonies.

☞ Sea serpents, mermaids, and votes in which Buchanan has the majority, have made their appearance in some of the newspapers.

First of August at Abington, Mass.

The celebration of West India Emancipation at Abington, was attended by a very large multitude, and among those who spoke was Marshall M. Strong of Racine. He was introduced by the President of the day, Edmund Quincy, with the following remarks. Mr. Quincy, it will be seen, is mistaken in supposing Mr. Smith to be Chief Justice:

Mr. Quincy, in introducing to the audience, Mr. Strong of Racine, Wisconsin, spoke as follows:

We have with us to-day, my friends, a representative from one of the youngest States over which the star of empire has hung, as it has taken its westward way, and of which I may truly say—

"Time's noblest offspring is its last."

You all remember Racine. It was from Racine that the hundred went up, when the tidings reached that young city, that a slave was in prison in Milwaukee. A hundred men from Racine, taking their own blacksmiths with them, proceeded to Milwaukee, formed themselves on the pier, with the blacksmiths in front, marched to the jail, took off the doors, and let the captive go free. [Loud cheers.]—It was that brave and noble action which has placed that young and generous State in a position of antagonism to the United States Government at this moment, which absolutely reaches the sublime; which has made Chief Justice Smith, the man who declared the Fugitive Slave Law unconstitutional, and discharged Sherman M. Booth from the sentence inflicted on him by the United States Court—which has made Chief Justice Smith of Wisconsin, the head of American law—the Chief Justice, in truth, of the United States. Would to God, my friends, we had a few more Wisconsins!—Would to God that that young blood might be sent back to the old heart from which it came! Would to God that we had a few more Chief Justice Smiths; that that numerous and respectable family might have furnished Chief Justices to all the Free States, our own included, and first of all! [Laughter and cheers.]—We only want a few such examples as this, to put an end forever to the hunting of slaves in the Free States; to put an end, to all intents and purposes, to all connection of the North with the South, so far as concerns the question of slavery.

But, my friends, I did not intend to make a speech. I only wished to introduce you to our friend, Mr Strong, of Racine, Wisconsin.

Mr. Strong came to the platform and was received with applause. He said he had come to this meeting only as a visitor and listener: he was originally a Democrat, and in 1848 went to the Buffalo Convention, when Martin Van Buren was nominated for President, and there became a Free Soiler. He and his associates continued true to the principles of freedom, while the New York Barnburners had lapsed into their old Democratic party again. And now, said he, I have come to this meeting perhaps to be carried on to a higher position in the anti-slavery contest. (Cheers.) I have listened attentively to-day, and if this be a disunion meeting, I can only say, I have heard no sentiment uttered that I could not heartily accede to. (Much cheering.) Mr S went on to say that it was time that *morality* was brought back into politics; there are men, said he, who will never put the least particle of honesty into their ballots, for fear there should be a union between Church and State. We must unite politics and morality. The better and purer a man is, the more he will hate slavery. It was not the personality or severity of Mr. Sumner's speech, but the *truth* of it which offended and stung the slaveholders.

Mr. Strong concluded his remarks as follows:

Mr. Chairman, you have paid a high compliment to the young State of Wisconsin. I hope in the cause of reform, she may always truly deserve it. There are, perhaps, no great, distinguished men in our State, to lead off the cause of freedom, but there is a healthy state of moral feeling there. If it were not for the foreign population of Wisconsin, who are at present deluded by the name of Democracy, and by prejudice against the temperance movement, and the American movement, the whole State would be to day almost unanimously anti-slavery. And having spent some time last winter in Northern Illinois, I can say that the people of that section of the State utterly loathe Douglas, and are determined to redeem the State from his rule. I tell you, I think there is ten times the feeling in the State of Illinois, in regard to the approaching election, than in any State in the Union. I believe, that if Douglas had been nominated at Cincinnati, men would have turned out, hundreds of them, to have prevented his election; and the same feeling exists against James Buchanan—or rather against the Cincinnati Platform, for he says he is not James Buchanan, but the Cincinnati Platform. (Cheers.)

THE PROSPECTS IN WISCONSIN.—An intelligent gentleman who has recently made an extensive tour through Wisconsin, informs us that our sister State is all enthusiasm in that glorious cause of Freedom and Fremont. The southern counties will give sweeping majorities in favor of the right. For the northern counties he had many fears until he visited them but after passing through them he is satisfied that all will go for Fremont.

Wisconsin will roll up a tremendous majority for the noble Pioneer of the West. She wants a man for President who can appreciate the West, and Western interests. Her population are too deeply imbued with enterprise and are to intelligent to be dragooned into the support of those who have devoted all their energies to foster and sustain a single and an intensely sectional interest—the dark and blighting curse of negro slavery.

Chicago Press.

A REMARKABLE YEAR.—Mr. E. Merium writes to the New York papers that—

"The present year has been remarkable for the long continuance of intense cold in winter, and for the long continuance of great heat in summer. Meteorites have been more numerous than usual this year in many parts of the globe, but earthquakes have been far less numerous than for many years past. There is nothing on our record for sixty-eight consecutive years, either in heat or cold, as to intensity or long duration which equals that of the year 1856."

AN ATTENTIVE BEAU.—A swain living near a town in New York, had taken a young country girl to a Fourth of July ball in the neighborhood. But the afore said swain found metal more attractive in the long room, and left his girl a "wall flower" until the night was well nigh spent. Just as the ball was about to close however, he came up to the neglected fair one, and said, "Don't you want to dance?" Dance!" she replied; "guess I *do*. Where have you been? I have been sitting down till I thought I should ha' *took roots*."

"A man discovered America, but a woman equipped the voyage.' So everywhere—man executes the performances, but woman trains the man. Every effectual person, leaving his mark on the world, is but another Columbus, for whose furnishing some Isabella' in the form of his mother, lays down her jewelry, her vanities, and her comfort.

☞ A country school master happening to be reading of a curious skin of an elephant asked one of his pupils if he ever saw an elephant's skin. 'Yes, sir, I have,' shouted the little six year old. 'Where?' asked the teacher, quite amused at the little boy's earnestness.—'On the elephant,' replied the youngster.

☞ "Well, Charley what have you been learning to-day?"

'Rheumatics, gran'ma; and I can tell you such a dodge! If I was to put you under a glass receiver, and exhaust the air, all your wrinkles would come out as smooth as gran' pa's head.

Buchanan Fizzle at Palmyra.

We are informed that the "faithful" were called together at Palmyra, last evening, for the purpose of having a grand Buchanan demonstration. Some 200 or 300 persons assembled, and were addressed by G. W. Clason, of this city, and a Mr. Chandler. Mr. Clason made a *windy* speech, destitute of argument, and Mr. Chandler pitched into the clergy, for presuming to refer to the political affairs of the nation in their sermons.

After they had concluded their harangues, the audience gave three rousing cheers for Fremont and three groans for Buchanan.

The Democracy was then requested to remain for the purpose of organizing a Buchanan Club, when the whole audience left, save six and one of them was a minor.

The Slavery Extension Platform of the Sham Democracy has but few advocates in Palmyra.

Fillmore Gone Up.

The South Americans in Congress, on account of the defeat of Fillmore in the South, talk of proposing to have him withdraw, as they intend to support Buchanan. Some of the Southerners are going for Fremont.

It is believed that Fillmore will be withdrawn from the canvass. In that case, the Wisconsin Tea Party of twelve, who propose, through the columns of this morning's *News*, to meet next month, and condole with each other on the decline of Slave Catching, can go for Buchanan in an overwhelming avalanche.—Make way, Mr. *News*, for the Fillmore regiment!

From Iowa.

A letter to the Chicago *Democrat*, dated Burlington, Aug. 16th, says:

Our returns are all in, but not yet officially counted. Majority on State ticket from 9,000 to 11,000.

Curtis (Repub.) elected to Congress by 1,400 to 1,500.

Davis (Repub.) elected to Congress by 6,000 to 7,000.

Both branches of the legislature Republican by overwhelming majorities.

ANOTHER NEW CONVERT.—John H. Rountree a Fugitive Slave Act Whig in 1850, but deserted to the Democracy because they were more pro-slavery than the Whigs, President of the Convention which nominated Dr. Otis Hoyt for Congress on the Nebraska platform, two years ago—the Hunker candidate for Senator, against J. Allen Barber, Republican, last fall—is now heralded by the Buchanan press as a fresh convert to Buchanan democracy. A great revival our Hunker friends must be enjoying, when they are obliged to parade such men before the public as trophies of their conquest.

BUCHANAN STOCK IN MUSKEGO.—The Buchaniers of Muskego, Waukesha Co., held a meeting on the evening of the 9th inst. but as there were but five present, they adjourned till the 16th inst. without organizing. Handbills were posted up in public places, and private invitations given through the week, but when the appointed time came, not a soul appeared.

THE NORTH STAR DAMAGED.—The steamer *North Star* of the Cleveland, Detroit, and Lake Superior Line, recently when between Copper Harbor, and Marquette, broke her piston rod and cylinder head; her machinery was otherwise badly damaged. The U. S. steamer Michigan towed her to Sault Ste Marie, and she was taken in by the Planet to Detroit.

THE Committee of the Sham democracy of the third district, have issued a call for a Convention, to be held at Oshkosh on the 30th of September, to nominate a Candidate for Congress.

THE Buchaniers of the Niles district, in Michigan, have nominated Ex. Gov. Barry for Congress. In the 4th district of that state the republicans have nominated Dewitt C. Leech for Congress.

CONTRADICTED.—The Buffalo *Commercial* of Friday, says that it is informed by one who knows, that the report of the failure of the Erie (Penn.) Bank, Warren Co. Bank, and the Bank of Newcastle, is untrue.

THE INDEPENDENCE SAFE.—The last arrival from the Pacific, announce the arrival at Valparaiso, of the U. S. frigate *Independence*, about which some apprehensions had been felt.

☞ A letter from Quogue, Long Island, says: A sperm whale was this day driven upon our shore. It is the first specimen of the kind ever captured in America. Of course it is a rare curiosity and has been purchased by an agent for Barnum's Museum where it has been sent by an extra freight car. The carcass of the monster can of course only be kept for a day or two.

☞ Great distress in want of food prevails at many of the outposts of Newfoundland.—Large numbers of the people are in actual starvation. Extensive provisions were made by the legislature during its session for the destitute class, but it is reported that the sufferers at the outposts have not received their fair share of the provisions.

☞ There is a rumor that the town of Franklin, in Kansas, had been attacked by Free State men, a cannon captured and 17 Free State men killed and wounded.

Also, that in a fight between Lane's men and the Missourians, 30 of the latter were killed and wounded. But the Missouri *Democrat* and the Chicago papers discredit the rumor.

☞ There is a neutral paper in this State, whose motto is "God and our Country," which takes no part in the great question which interests the people of the United States. "God and our Country," it seems, has nothing to do with the Presidential election. What a Watchman on the walls of our political Zion!

☞ Intelligence from St. Petersburg says that the waters of the Wolga were higher than than they had ever been in the memory of man. At Saratof more than 500 houses were inundated.

☞ Lot is Napoleon is reported to be failing in health; at all events he has been ordered by his physicians to leave Paris and give up all business and excitement.

☞ The Hyatt House, the new hotel, at Janesville, is rented to a Mr. Wm. McDonald, of Sandusky City, Ohio; possession to be given the first of April.

DESERTION FROM FILLMORE RANKS.—The Washington Correspondent of the New York *Times* writing under date of the 14th inst., says:

The political relations of the Fillmore men in Congress are assuming a novel and interesting form in consequence of Fillmore's evident weakness in the South. Several lately prominent men are about to declare for Fremont.—Fillmore will doubtless be deserted almost unanimously within a few days. Mark the developments.

TERRIBLE STORM.—On the 2d inst., one of the most violent hail storms passed over the Sioux Agency that has been known within the memory of man. The trees were blown in every direction, and in such numbers as to make the timbered land impassible. Six hail stones, picked up after the storm had ceased, weighed half a pound. The windows in the buildings were completely shattered, and the corn in several fields belonging to the Indians was very much damaged. The same storm blew off the roof of the Commissionary Store of Fort Ridgely.—*Henderson (M. T.) Dem.*

The Bangor Me, *Democrat*, a Buchanan organ in January last used the following language:

"Col. Fremont *is* and ever *has been* a firm National Democrat, and is now looked upon in California as the STRONGEST MAN to oppose that arch demagogue, Henry S Foote, who has deserted the Democracy and joined the *dark-lantern* association. Fremont's whole life has been spent IN ADDING TO THE GLORY AND RENOWN OF HIS COMMON COUNTRY.

CONGRESS adjourned without empowering the President to subdue the Free State men of Kansas, and the President, by proclamation, has called them together again next Thursday. We shall see.

RUFFIANISM.—McMullen, of Va., has made a brutal assault on Gen. Granger, of N. York.

Common Council Proceedings.

At the meeting of the Common Council last evening the following business was transacted:

Alderman Jung presented the petition of several property-holders upon Milwaukee street, remonstrating against the change of grade on said street, stating that the passage of the ordinance was obtained by fraud, and asking its repeal.

Alderman Hadley as one of the parties referred to, explained some matters in the petition pronouncing them as "unqualifiedly false."

The petition was referred to a committee of one from each ward, together with the commissioners of survey, with instructions to report at the next meeting.

A remonstrance against the repeal of the ordinance was referred to the same committee.

Ald. Haertell reported an ordinance for a sinking fund.

The Chief of Police reported the number of arrests in July at 200.

Ordinance "to prevent nuisances and disorderly practices" passed.

In this ordinance the fine was reduced to "not less than $1 and no more than $5 for driving faster than a walk upon any bridge in the city."

An ordinance relating to the Fire Limits, &c., was laid over, under the rules.

A resolution to print 500 hand bills in German and English containing a synopsis of the ordinance relating to the impounding of cattle, restraining dogs, &c., and that the same be posted up in the most conspicuous parts of the city, was passed.

WESTERN BORDER LIFE: Or, *What Fanny Hunter Saw and Heard in Kansas and Missouri.* 408 pp. Derby & Jackson, New York.

The writer was, for a long time, a member of a family in one of the Border Counties of Missouri, and familiar with the actual condition of things in that region. The essential evils of Slavery are exhibited, and the difficulties attendant on the efforts of a faithful New England teacher to do good to her pupils in a slave State. The whole takes the form of a personal narrative, and tends to strengthen the sentiment of opposition to Slavery. It is full of scenes of interest.

POLICE COURT, August 18.

☞ The Musical Society give a Concert at Melms' Garden, in the Fifth Ward, this evening.

St. John's Infirmary.

A new building is to be erected as hospital to be under the control of the Sisters of Charity, and we deem it our duty to call especial attention to this excellent charity.

An eligible and healthy site has been secured in the First Ward, and is to be had at the lowest cash value, the gentleman now owning the site, giving in $500. The persons who are authorised to receive subscriptions for the building of this hospital are, " Hon. Edward O'Neil, Garret Barry, Esq., A. H. Johnston, Esq., A. Greulich, Esq., G. M. Fitzgerald, Esq., L. Farnell, Esq., and Michael Page, Esq.

Contributions can, also, be sent through the Post Office addressed to St. John's Infirmary, or may be left at C. Arnold's Book Store.

The *News* says the Sisters of Charity have now been engaged in this city in their self sacrificing work for a period of seven years.—They have afforded aid to people of every clime and of every creed, and we think there are few who are not willing to admit that a nobler and more disinterested work of benevolence was never exhibited to the world than by these devoted women, who brave disease and death, and the prejudices of those opposed to their religion, to pour wine and oil into the wounds of the way-farer, and to administer consolation at the bedside of the dying stranger.

FOURTH WARD.—We invite attention to the call for a Republican meeting next Friday evening, at Concert Hall, to form a Fremont Club. If the Republicans of this Ward take hold of the work earnestly and unitedly, they can carry this Ward by a handsome majority. What we need now, is efficient organization and persevering efforts till the day of election.

CARD.

At a meeting of Milwaukee Engine Co No. 1 held on Monday evening, August 18th 1856 the following resolutions were unanimously adopted:

Resolved, That the members of Engine Co. No. 1 tender their sincere heartfelt thanks to the officers and members of Fire King Engine Co. No. 1, of the city of Chicago, for the gentlemanly, kind, and courteous manner in which we were received and welcomed by them, and for their unremitted attention to us, and for the bountiful supply of refreshments furnished us during the day.

Resolved, That the thanks of this Company are hereby tendered to the officers and members of the different companies forming the parade, and for the bountiful repasts furnished at every house during the march, which showed conclusively to us, that the well earned reputation of the firemen of Chicago, for hospitality and good service, had been fully sustained.

Resolved, That the thanks of this Company are hereby tendered to the Chief Engineer and assistants of the Chicago Fire Department, for the kind manner in which we were received by them.

Resolved, That the members of Milwaukee Engine Co. No. 1 will ever bear in remembrance the favors of which they were the recipients, and that whenever opportunity offers they will show to their brethren of Chicago, that they are fully sensible of the marks of kindness received, and will endeavor to promote the good feeling manifested between the two cities on this first visit to Chicago, not only by words but by our future action.

Resolved, That the foregoing resolutions be presented to Fire King Engine Co. No. 1, and published in the daily papers of this city and Chicago.

Astonishing Effect of One Bottle in an Aggravated Case of Dyspepsia.

PHILADELPHIA, March 20, 1855.

DEAR SIR: During the last five years I have been afflicted with Dyspepsia, in its most aggravated form, and have used, without receiving any benefit therefrom, every remedy recommended for that disease. In fact, I was in great danger of dying from suffocation, in consequence of the rise of matter in my throat, and all my efforts for relief were in vain. I was at last induced, through the recommendation of several of my friends, to try **Hoofland's German Bitters,** and I assure you the amount of relief I have received from the use of one bottle, is astonishing, and compels me to say that I would not be without the Bitters for any money, as I am now through their use, enjoying better health than I have known for many years.

TO BRIDGE BUILDERS!

THE LA CROSSE AND MILWAUKEE RAILROAD Company invite *proposals* with plans and specifications, until Wednesday noon, October 15th next, for building a bridge over the Wisconsin River, on the line of their Road. This Road extends in a northwesterly direction across the State from Milwaukee on Lake Michigan, to La Crosse on the Mississippi River, crossing the Wisconsin River at Kilbourn City in Columbia County. The river at this point runs in a rocky bed, the banks of which are vertical rock bluffs to the height of 80 feet above the water, at which point they are at the grade line of the Road, and about 300 feet apart. The water is about 20 feet deep, having in the middle of the stream a few feet of sand overlaying the rock bottom.—It is proposed to erect two piers about 50 feet from either bank, at which points the water is about 5 feet deep at low water, with a clean rock bottom, giving a span in the middle of 200 feet, and two short spans at the ends, resting upon the natural rock as abutments. It is desirable so to construct the bridge as to give a wagon way below the Railroad track, passing the latter over the higher section of the bridge.

The Company reserve the right to award the contract to any parties on any plan furnished; but in case of their giving the contract to any builder on a plan furnished by any other person, they will pay to the person furnishing such plan, the sum of FIVE HUNDRED DOLLARS in full consideration of the plan and specifications so adopted. TELEGRAPH.

Congressional.

WASHINGTON, August 18

Senate—The chair submitted a message from the President, in answer to the resolution calling for Col. Fremont's accounts of his receipts and disbursements, as an officer of the Government.

The report of the Committee of Conference on the civil bill, was agreed to by both Houses. It gives $25,000 for the Washington aqueduct, and and appropriated $300,000 for a postoffice site to be selected by commission, and rescinding the exchange building contract.

The proviso on civil superintendency was struck out.

Mr. Toombs, from the Committee of Conference on the army bill, reported that they were unable to agree. He moved that the Senate adhere to its disagreement, and notify the House, though he thought there was no chance of an agreement, and was willing to let the responsibility rest where it belong.

Mr. Clayton wanted to leave the door open until the last moment—it was yet possible that there would be an agreement. So long as there was the slightest hope of that result, he wanted to use conciliation. He hoped the word *insist* would be substituted for *adhere.*

Mr. Mason was willing to adhere, for he saw no chance of an agreement. He was in favor of meeting the enemy on the threshold.

Mr. Seward thought that must be figurative language; for the enemy of whom the Senator from Virginia spoke, was the House of Representatives, and that body was in no sense an enemy of the Senate.

He (Seward) said, with all deference to the Senator from Virginia, that public sentiment was, in his opinion, the friend of Constitutional Law, and the principles on which our Government is founded.

Mr. Hale referred to the freedom of the English House of Commons, by which the sovereign is held in check, and thought if the House of Representatives were cursed with submission, we might as well give up the experiment of our Government.

Mr. Clayton said if the bill was lost, the army must be disbanded, as they could not be paid and fed; in that case it would be the duty of the President to call an extra session immediately.

Mr. Toombs consented to change his motion, and let it be "the Senate insists." He said the argument held out was that the army must be disbanded if the bill failed: let it be disbanded, but keep the Constitution for the protection of the people.

The motion to insist was agreed to by 39 against 12.

HOUSE.—The House appointed Messrs. Simmons, and Smith, of Virginia, Pettit, Eddy and Fuller, of Maine, a committee to investigate the assault of M'Mullen on Granger.

Messages are being exchanged between both Houses, but their confusion is so great that it is almost impossible to understand precisely what is going on. The galleries and lobbies are crowded.

At 12 o'clock the House adjourned.

All the general appropriation bills were passed, excepting the Army bill, which appropriates $14,000,000.

Many private bills failed to receive the President's signature for want of time.

A resolution was passed in the Senate to extend the session to 2 o'clock, but the House refused to concur.

The McMullen and Granger Affair.

WASHINGTON, Aug. 18.

As Mr. Granger, a Representative from N. York, and Mr. McMullen from Virginia, were riding in an omnibus to-day, a conversation arose on the Army bill proviso.

McMullen said the South would stand by the Constitution.

Mr. Granger replied that if they did not, a Republican President would make them.

Whereupon McMullen said he would not be addressed in that way by a younger man.

Granger replied—I waive my age.

McMullen then seized Granger around the neck, and holding down his head, struck two blows, drawing blood under the eyes and ears.

They were then separated by Col. Chester, of the Philadelphia *Enquirer.*

LATER.

Mr. Adler elected in Mo., to fill the vacancy occasioned by the death of Mr. Miller, was sworn in to-day.

The Speaker laid before the House a letter from Mr. Richardson of Illinois, resigning his seat.

Mr. Simmons, rising to a question of privilege, offered a resolution that a Committee of five be appointed to investigate the assault upon Mr. Granger by Mr. McMullen this morning, and report their action to the House on the 2d Monday of December.

Mr. Cobb, of Ga., amid great confusion, raised a point to the question of privilege involved, saying that the few remaining minutes of the session should not be consumed in making an inquiry into the assault and battery cases.

The Speaker decided Mr. Simmons' question of privilege in order.

Mr. McMullom hoped that unanimous consent would be given for the inquiry. The resolution was then adopted.

The Speaker appointed Mr. Simmons, Mr. Smith, of Va., Mr. Pettit and Mr. Fuller, of Me. as the Committee to investigate the assault.

During the proceedings messages passed between the two Houses, and the President informed each from time to time of his approval of certain bills.

The confusion occasioned was so great it was next to impossible to understand precisely what was going on in the House. The galleries and lobbies were crowded and were all excitement.

Mr. Campbell, of Ohio, from the Committee of Conference on the Army Bill, reported they were unable to agree on the amendments restricting military operations in Kansas and disarming the militia there. He moved that the House further insist and ask the Senate for a fourth Committee on Conference.

Mr. Stevens inquired if this motion be voted whether it would be in order to move that the House recede.

Mr. Cobb, of Ga., said the only way to save the bill was to recede from the Kansas amendment.

It was now half-past 11 o'clock. Mr. Campbell's motion was disagreed to be 98 against 102.

Mr. Kunkel moved another Committee of Conference be appointed.

The Speaker decided the motion out of order, saying that similar question had been put and decided.

Mr. Miller asked leave to offer a resolution, the Senate concurring, that the term for adjournment be adjourned two hours, objections were made amidst great excitement.

Mr. Cobb, of Ga., moved a suspension of the rules, he wished a majority to determine whether or not they would defeat the bill and let all their factious movements be exhibited to the country.

The House at one minute of twelve refused to suspend the rules by yeas 121, nays 48, not two thirds.

The bell was ringing for 12 o'clock when Mr. Campbell, of Ohio, moved to take up the Senate resolution extending time of adjournment in accordance with the joint resolution fixing the hour.

Members lingered in the hall, some lamenting and others rejoicing over the defeat of the Army Bill.

Great Fire in Honduras.

NEW ORLEANS, Aug. 16.—A conflagration at Balize, Honduras, July 7th destroyed upwards of half a million dollars worth of property. Nearly the whole north side of the town is in ruins.

Proclamation by the President.

WASHINGTON, Aug. 18.

There was a meeting of the Cabinet this P. M., and the following was decided upon by the President:

PROCLAMATION.

Whereas, hostilities exist with various Indian tribes on the remote frontiers of the U. States, and whilst in other respects the public peace is seriously threatened, Congress has adjourned without granting the necessary supplies for the army, depriving the executive of the power to perform his duty in relation to the common defence and security, and as an extraordinary occasion has thus arisen for assembling the two Houses of Congress, I do, therefore, by this proclamation, convene the said Houses to meet at the Capitol in the city of Washington, Thursday, 21st day of August, hereby requiring the respective Senators and Representatives then and there to assemble and consult and determine on such measures as the state of the Union may require. In testimony whereof I have caused the seal of the United States to be hereby affixed and signed with my hand. Done at the city of Washington, this 18th day of August, in the year of our Lord, 1856, and of the Independence of the U. S. the 80th.

FRANKLIN PIERCE.

By order,
W. L. MARCY, Secretary of State.

Arrival of the Baltic.

The steamer *Baltic* with Liverpool dates to 6th inst., and London dates to the 5th inst., arrived at New York on the 17th inst., The steamer *Africa* arrived out on the 3d of August.

LONDON, Tuesday Evening.—English funds opened firm to-day, at yesterday's improved quotations, but subsequently experienced a decline of ⅛ per cent., owing partially to an increased demand for money and an unfavorable account from Paris Brouse. The silk crops of France have turned out so deficient that manufacturers have made large contracts in foreign raw silks.

SPAIN.—Saragossa surrendered to the Queen's troops under Gen Dulie, on the evening of the 1st. The royal troops entered the city without opposition, and disarmed the citizens.

The whole seems to have been effected without bloodshed. All Spain has now submitted to O'Donnell.

Italian affairs remain as unintelligible as ever. There are reports of a remonstrance to Sardinia, made by France, in favor of Austria.

The Emperor of Austria and the King of Prussia are having an interview at Yoplitz.

Denmark proposes to fortify the Sound. It is said that Russia advises this.

A fire and explosion at Salonica, Turkey, had caused great loss of life and property.

The Governorship of Jamaica is offered to Mr. Darling, Governor of Newfoundland.

Liverpool Markets.

Cotton firm—closing with an upward tendency. Panic continued in breadstuffs, and there had been a material decline in flour and wheat. Corn remains firm.

NEW ORLEANS, Aug. 8.

Capt. Talbot of the steamer *Louisiana,* reports the loss of the ship *Marseilles,* of Bath, from Bordeaux for New Orleans, off Timbolier Islands. Ten of her crew were lost, and Capt Rogers had a leg broken. Her cargo of wines and brandies were mostly lost.

Captain Talbot saw several cabin doors and the booby hatch of the steamer *Nautilus,* and several dead bodies, well dressed, supposed to have been passengers.

The *Nautilus* left Galveston on Friday evening previous to the storm, with 30 passengers, $3,000 in specie, and a large number of cattle.

The gale had been very destructive to the crops in southern Louisiana.

PORTLAND, Aug. 18.

The train on the Cumberland Railroad, on Saturday, ran over a wagon, killing two little girls, and fatally injuring a boy, children of Mr. York, of Falmouth.

VALUABLE STONE QUARRY FOR SALE.

THE undersigned are desirous of disposing of their valuable Stone Quarry, containing twenty or twenty five acres of land, situated about one and a half miles from the city of Milwaukee, on the Milwaukee & Watertown Plank Road and the Milwaukee & Mississippi R.R.

This Stone Quarry contains an amount of stone sufficient to supply the city of Milwaukee with foundations and stone suitable for cutting, in courses from two and a half inches to twenty-four inches, for centuries to come.

It is considered by competent judges to be the best Quarry in the State of Wisconsin.

We have tested some of our stone, and have become satisfied that they will make the best quality of **Water Lime.**

We also have a valuable Water Power adjoining the Stone Quarry, on the Menomonee River, with one of the best stone dams in the State, which we will sell with the Stone Quarry, if desired.

For capitalists, and men wishing to engage in active business, this is a rare chance for speculation.

For price and terms, enquire on the premises of the proprietors. CHASE & HOLSTON.

FEVER AND AGUE—CERTAIN CURE.

NO MORE USE FOR YOUR MIXTURES, QUININE, Fowler's Solution, Arsenic, Mercury, or any of the villainous or nauseous compounds, which only relieve one disease to implant another more deadly, and which sends its unhappy victims finally, with a wrecked and broken constitution, to an early grave. Try Carter's Spanish Mixture, which contains none of these dangerous drugs, but cures by acting specifically on the liver, purifying the blood and strengthening the system, thus enabling nature to recuperate its energies by opening the pores of the skin, and expelling from the body all impurities and old medicines, which clog and retard its free operation. More than one thousand persons have been cured by Carter's Spanish Mixture, after every thing else had signally failed. As a sample of its remarkable effects, Messrs. Davis & Hicks, of Autaugaville, Ala., write us that it cured a gentleman of chronic fever and ague, which all the efforts of Physicians and their remedies could not subdue. He only took three bottles. They say it sells very rapidly, and maintains its high reputation all through the country.

BOWLING FOR THE MILLION!

The Nucleus of Pleasure Reduced to Five Pence

DURING THE DAY!

THE "BADGER STATE" SALOON TRIUMPHANT!

Roll away, bowl away, roll away all,
Set up the pins, boys, the price is but small;
Off with the coat, now, and roll up the sleeve,
And at it, my jolly lads—heave away, heave.

With the arm's muscles bare, for one hour, fling
Dull care to the air, and at five cents a string;
Roll away, bowl away, lustily and strong,
Twill develope the man, and his life thus prolong

Who would sit moping all day in his chair,
When pleasure and profit, so rich and so rare,
Can be had, and that, too, at such a cheap rate,
At the Bowling saloon of the old "Badger State."

Come, then, "Young America," foreigners, too,
Here's rolling and bowling—not just for the few,
But for old and for young, for little and great—
Come join in the fun at the old "Badger State."

HESLER'S

PHOTOGRAPHIC,

AND

FINE ART GALLERY

No's. 22, 24 25, and 27, Metropolitan Block.

LASALLE STREET CHICAGO ILL.

THIS IS *the most Extensive Establishment of the kind* in the World, and includes every Branch of *Miniature Portrait and Landscape Art*, viz:

Daguerreotypes of all styles and sizes,
Ambrotypes " " "
Photographs " " "
Stereoscopes " " " from the smallest miniatures to the full size of life.

Persons having Daguerreotypes or Ambrotypes of themselves or their absent or deceased friends, can have them copied into a beautiful and almost Living Portrait or Miniature. All that it is necessary for them to do is to send the Picture either by mail or by express accompanied by a description of the color of the hair, eyes, and general complexion, and of Ladies and Children the color of the dress desired. The Oil Portrait department is in charge of Prof Meek, from the Dusseldorf school of Art in Europe. And the Ivory Miniature is in the hands of Mr. W. Winter, who stands alone unrivaled in his art either in this Country or Europe. With these powerful aids the Subscriber feels warranted in guaranteeing to all his patrons a perfect likeness, whether the person be present, or the picture forwarded as above, and at the same time a Splendid Painting as a Work of art that cannot be surpassed in this country. The Gallery contains more gems of art than any other Gallery in the West and is always open to visitors.
